## SPECIAL EXHIBITS

### **Darwin**

**Opens September 24, 2011**

Set a course for adventure as you enjoy a unique look into the life of one of the world's most intriguing scientists. This special exhibition features live animals, amazing fossils and an array of scientific tools used by Charles Darwin.

**Winter Wonderland: Celebrations & Traditions Around the World**  
**Opens November 16, 2011**

Light up the holiday season with a festive tree display decorated by local community partners and Consulate offices.

### **Wildlife Rescue**

**Opens February 2012**

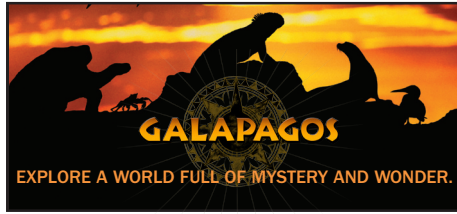

Experience the excitement of rescuing and returning diverse creatures back to the wild. Explore the new, emerging science of "Restoration Biology" that is saving all types of animals from the brink of extinction.

## FILMS IN THE IMAX<sup>®</sup> THEATRE

**Showing through January 1, 2012**

Join spacewalking astronauts as you journey through distant galaxies to explore the mysteries of our celestial surroundings. Experience the story of the Hubble Space Telescope's legacy that reveals how we view the universe and ourselves.

**Opens September 2, 2011**

Journey deep into the largely unknown waters surrounding the volcanic archipelago of the Galapagos Islands to explore the natural wonders of a realm that is truly a living natural science laboratory.

**Coming in 2012**

Meet the extraordinary people who rescue orphaned orangutans and elephants—saving endangered species one life at a time in the lush rainforests of Borneo. Witness rescue teams rehabilitate and return these incredible animals back to the wild.
