

“INSPIRE, IGNITE, IMPACT SCIENCE: How? Wow! Now!!!”
ANNUAL CONFERENCE - FEBRUARY 11-13, 2010

Please join the Georgia Science Teachers Association in Savannah, Georgia, as an exhibitor for our annual conference. The Savannah International Trade and Convention Center, provides not only a spacious facility for exhibitors but also a beautiful view of the river and downtown Savannah.

Attached you will find: exhibit hall information; exhibitor registration form; hotel accommodations, and program advertising information. Please consider conducting a conference workshop or session to spend more in-depth time demonstrating your instructional materials and programs. Program proposals must be submitted electronically to our program chair from the link on our website (<http://tinyurl.com/2010gstapresprop>).

Mail your completed registration form and check, made payable to the **Georgia Science Teachers Association**, to my office address listed below. After you have registered as an exhibitor, you will receive a communication from Host South, our decorating company, for any additional services that you require. All registration forms received by December 1, 2009, will qualify for the “early bird” fee and guarantee your listing in the conference program.

A number of conference sponsorship opportunities exist for interested exhibitors. Please contact me directly if you are interested so we may discuss publicity for your company, special exhibit hall locations and cost.

Door prizes provided by exhibitors will be given out Thursday and Friday in the exhibit hall. We will provide advance publicity to those companies/organizations that commit early to provide items for the giveaway.

The Georgia Science Teachers Association appreciates your support and will extend a one-year GSTA membership, a complimentary box lunch on February 11 and participation in the wine and cheese reception during the “sneak preview” in the exhibit hall on February 10, 2010, from 6:00pm – 8:00pm.

Additional conference information can also be found at our website, www.georgiascienceteacher.org.

Please contact me with any questions.

Sincerely,

Sharon Boyer, Ed. D.
